CASE STUDY · THE GRAVEYARD

About sixty ideas. Three survivors.

Where the desk's ideas died, and what each death cost.

WHERE THEY STOPPED · MEDIAN TOKENS PER IDEA

Most die early, and cheaply.

Source: Desk economics.csv, 58 ideas tracked from Oct 24 to Nov 3.

VAULT/2 STRATEGIES/KILLED · 28 FOLDERS, EACH WITH ITS REASON

A dead strategy is evidence.

In orange: ideas the desk proposed again in section 7, on a fresh repo.

The pod doesn't find you a money machine. It kills bad ideas cheaply, and remembers why.
